Course/TLR3 undertaken: Level 3 Apprenticeship –
Digital Champion

Status: In progress

Impact on current role:

I am currently trialling the use of hardware (portable laptops) and software (various apps) in class to then hopefully rollout in September to all staff.

How has the course enhanced your leadership:

The course has contained some sessions on project management.

Name the best aspect of your course/role:

The live sessions that show various ways technology can be used to enhance teaching and learning.

Any other comments:

Even though there were limitations with accessing the course at the start, overall, the course has been enjoyable and useful.
