

Scholars Expression of Interest - 2025/26

CNS is pleased to offer up to 10% of its available intake for Year 7 to students with a potential for, aptitude or ability in music.

As part of the scholarship students will benefit from reduced price instrumental lessons on their first instrument, priority for Guildhall events and visits, trips and access to opportunities outside of curriculum time.

In order to explain the expectations of the Scholarship scheme and explain the process to your children CNS music staff are offering a music workshop via your child's school.
