Film: Goodbye Lenin

We love teaching this course because in addition to improving your German, you will learn lots about history, culture and current affairs of the German speaking world: *faszinierend!*

Our students say:

- You learn so much more than just grammar and vocabulary.
- Definitely a step up from GCSE but I was amazed at how quickly I could understand 'real' texts and clips
- Lots of variety in lessons- different activities, different topics, different resources – not just the book.
- My favourite topics has to be Berlin: interesting history and so much going on there all the time. Really want to go there!
 - I love the film we studied and being able to understand so much about the background of the story and getting the jokes!

If you love German, we really recommend you watch

1) German series on Netflix e.g. *Deutschland 83*

2) *Meet the Germans* videos in English [Meet the Germans – DW – 04/08/2024](#)

3) Check out German music on Spotify

What future pathways are open to me if I study German?

Any! A-level German is highly valued by universities and is particularly sought after by employers in Business and Finance, Education and Law, Industry and Engineering, Science and Medicine, Publishing, the Arts,.. *und so weiter!* Germany is one of the UK's most important trading partners and we need more German speakers!
